The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 1.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 1.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 1.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 1.

Section 2: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 2.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 2.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 2.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 2.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 2.

Section 3: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 3.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 3.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 3.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 3.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 3.

Section 4: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 4.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 4.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 4.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 4.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 4.

Section 5: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 5.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 5.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 5.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 5.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 5.

Section 6: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 6.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 6.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 6.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 6.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 6.

Section 7: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 7.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 7.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 7.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 7.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 7.

Section 8: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 8.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 8.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 8.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 8.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 8.

Section 9: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 9.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 9.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 9.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 9.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 9.

Section 10: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 10.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 10.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 10.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 10.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 10.

Section 11: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 11.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 11.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 11.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 11.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 11.

Section 12: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 12.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 12.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 12.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 12.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 12.

Section 13: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 13.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 13.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 13.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 13.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 13.

Section 14: Operating Review

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 1 of section 14.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 2 of section 14.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 3 of section 14.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 4 of section 14.

The quarterly operating review covers revenue attainment, pipeline coverage and regional performance. Management believes the results reflect continued execution against the operating plan established at the start of the fiscal year. Paragraph 5 of section 14.
